"The Savannah Amateurs," a Dramatic Club of some promise, has disbanded, sold out their scenery, &c., to James T. Hardy, of Hardy's Hall. We are sorry that this course has been decided on, as the Amateurs have given our people a great deal of enjoyment. Their plays of "Lady Audley's Secret," and "The Golden Farmer," exhibiting much skill in the line of the drama. We hope they will reorganize, and we venture the assertion that this wish is seconded by a majority of the citizens of this place.

We learn that the Grangers of this county are going to keep out of politics this year. Although the chairman of the Democratic central committee informs us that they will put a People's ticket into the field this fall. How he acquires his information is more than we can tell—perhaps the wish is father to the thought. He knows Andrew county is Republican and hopes to divert the Republican Grange vote from the Republican party, which we do not believe he can do. We give it as an opinion that there will be no factions in the Republican ranks this fall—that we will stand shoulder to shoulder—and carry the county by an overwhelming majority.

Teachers will find everything they need at lower prices than ever, at their old headquarters.

THE LEAP-YEAR BALL.

The Young Ladies of Savannah to the Front.

There will be a grand Centennial Leap-Year Ball given by the young Ladies of Savannah, at Hardy's Hall, on the Evening of February 14th, St. Valentine's Day, and the grandest hop of the season may be looked for with confidence by the lovers of Terpsichore. The young Ladies who have the management in hand, know just how to get up an occasion of this kind, and they will spare no pains to make everybody have a good time.

Standard Prints at Zook & Co's 6 and 7 cents per yard.

Mr. F. M. Taylor, Editor and Proprietor of the REPUBLICAN, returned from his visit to Howard county—bringing his family with him. He seems to have enjoyed his trip, and looks well. We are glad to state that the health of Mrs. Taylor's mother has improved, and she is able to go about.

The call for a Convention of the Republicans of Nodaway Township, to make nominations for the various township offices to be filled at the April election, will be found elsewhere. We hope to see a general attendance of Republicans on this occasion. This will insure harmony and good feeling, a good ticket will be nominated, and their election insured.

OUR Democratic friends in this county seem to be very much exercised about the action of the Republicans in the coming campaign, and if possible, would cause a split, or division, in the Republican ranks. That won't do gentlemen, your solicitude betrays you.

For first-class job work of all kinds call at the REPUBLICAN office.

We have received a copy of the East Knox News, published at Yates City, Ill., by A. M. Swan. It is a neat paper. Wonder if it is the A. M. Swan who wrote up Andrew county in 1870?

There is no excuse for those who drag their weary and disordered bodies into our company, when a few doses of Ayer's Sarsaparilla would cleanse their murky blood and restore their health and vigor. Ye muddy victims of bilious disease, have some regard for your neighbors, if not for yourselves.

Next Monday, the 14th inst., is St. Valentine's Day, a day by common consent commemorated by the young folks as sacred to the winged god Cupid. The numerous printed valentines will be used by those youthful swains who are possessed of the "filthy lucre" sufficient to remunerate the several dealers in such—for them; in the country, the rural chaps, will pour forth their pent-up feelings on leaves torn from their copy books—and use such verses as the following expressive of their adoration—"Sure as the vine grows round the stump, You are my sugar lump,"—which will be treasured for long years by the happy recipient. To the young folks we say, enjoy yourselves to your hearts content, always commemorate the day. Send your valentines to your adored and adored, and when you get old like we are, encourage your children in the same course.

Says the Paris "True Kentuckian" of a late date: "Mr. Samuel Pryor, the noted Berkshire breeder of this county, has forwarded to Mr. J. Kate Burgess, of St. Joseph, probably the most remarkable pig of his age. He was taken from his box and weighed by Mr. Frank Champ and others, striking the beam at seventy-seven pounds. This fine pig is only two months and twenty-eight days old; out of Maggie May, Mr. P.'s fine premium sow, and by 'Dandy Jim,' his celebrated premium boar. We congratulate Mr. Burgess upon securing Bourbon's best, and predict for him a long list of premiums next fall, as he has always been successful with purchases heretofore made of Mr. P."

Mr. Elijah Brayton, of this place, is now the owner of the pig above referred to. Mr. Brayton also recently purchased a fine sow, at great expense. These are valuable additions to the stock of the county. Mr. Brayton seems determined to furnish Andrew county with the best stock of hogs that can be had.

THE BLOODY SHIRT.

BY CAVEAT.

A snow-white shirt lay on the bed, Sprinkled with drops from a wounded head; 'Twas Lincoln's bloody shirt!

A hero's shirt in purple stain, By a rebel hand that tore the vein, 'Twas Ellsworth's bloody shirt!

At Gettysburg where thousands bled, Ten thousand shirts were stained with red, Those loyal bloody shirts.

A thousand fields drank up the blood Of those who fought for home and God, Our boys in bloody shirts.

Heroic mothers mourn their dead, The shirts they made were dyed in red, Their dear boys bloody shirt.

Ye traitorous sons! O treason's flood, Whose treachery drew a Nation's blood, To make these bloody shirts.

Behold! a Nation lets you live, The guilt of blood she doth forgive, Who mock these bloody shirts.

That Nation's heart ye pierced and hurt Who jest and scorn the bloody shirt, The loyal bloody shirt.

O, traitorous sons of treason's flood, Whose thirst is still for loyal blood, Behold the bloody shirt.

THE "SILVER TONGUE" ORGAN!

Its Immense Success.

The whole country is awaking to the importance of introducing music into the household. The cabinet organ is becoming the great family instrument, and hundreds of the best families in the west are sending in their orders for the famous "Silver Tongue" Organ, made by E. B. Needham & Son, of New York, knowing it to be the oldest and best organ made in the United States, and therefore the best in the world.

Thirty years' test has proved their superiority.
